MINUTES OF A SPECIAL MEETING OF THE BOARD OF DIRECTORS OF SAN GABRIEL COUNTY WATER DISTRICT HELD ON NOVEMBER 10, 2026

CALL TO ORDER

A special meeting of the Board of Directors of the San Gabriel County Water District was called to order on Tuesday, November 10th, 2026, at 8366 Grand Avenue, Rosemead, California at the hour of 3:00 p.m.

ROLL CALL

Present at the meeting were General Manager Jim Prior, Finance and Administration Manager Carmen Corona, Assistant General Manager Casey Feilen, Superintendent Carlos Cardona, Project Manager Anthony Agobian, Directors DeLaTorre, Sauceda, Taylor, Mamdapurkar and Vera and District Counsel Koczanowicz.

AGENDA

Upon motion by Director Taylor, seconded by Director Mamdapurkar, the Board voted unanimously to adopt the agenda as presented.

PUBLIC COMMENT

None.

DISCUSSION OF 2027 PROPOSED BUDGET

Director Taylor moved the item to open discussion, and Director Sauceda seconded the motion.

General Manager Prior opened the item by letting the Board know that the proposed budget for next year was balanced, contained two new full-time positions, included a 3% COLA for all employees and incorporated the next rate adjustment approved by the Board a couple of years ago through the Prop 218 process.

Director Taylor went through his questions regarding revenue sources and administrative and operational expenses. Mr. Prior then took the Board through all proposed phases of the budget, which included Operational and Non-operational Revenues, Production and Supply Budget, Transmission and Distribution Budget, Customer Service/Meter Reading/Billing Budget, as well as General and Administrative and Capital Improvements Budget. He also explained to the Board the two additional positions, one Regulatory Compliance Specialist to assist the District in meeting all of the regulatory requirements imposed by the State; second position is the Web Coordinator/Clerk who will be responsible for maintenance of the districts on-line presence, as well as production of newsletters and other public benefit materials. This will eliminate the need for outside consultants that were doing these functions in the past.

Staff responded to numerous questions from the Directors regarding various line items in the Proposed Budget. These included increased PERS costs, decrease in miscellaneous revenue (no surplus vehicle sales anticipated), new expense of maintaining the Treatment Plant which will come on line next year, funds set aside for rehab of Well 9 as well as regular maintenance

for leaks and repairs. Additionally, Mr. Prior informed the Board that the new Capital Improvement Projects will include Main Replacement as the Treatment Plant and Under-Freeway Crossing Projects are concluding.

Once all of the questions were answered to the Boards satisfaction, Director Taylor amended his motion to approve the proposed budget and received a friendly second from Director Sauceda. Board approved the 2027 Proposed Budget with a 5-0 vote.

The General Manager advised the Board that the Resolution of Approval will be presented for Board adoption at the next meeting.

ADJOURNMENT Upon motion by Director Sauceda, seconded by Director Taylor, the Board voted unanimously to adjourn the meeting at 3:45 p.m.

Motion passed on a 5-0 vote.

DISTRICT COUNSEL REPORT

District Counsel reported that JPIA has not yet determined the coverage for the Storm v. Property Management lawsuit. He also briefed the Board on a case called Aviles v. Shennon. This was a Landlord-Tenant dispute concerning a $19,500 security deposit that the Landlord failed to return to the tenant, alleging damage to the premises exceeded the amount of the deposit. Jury found for the Tenant after a week trial. The case was interesting as parties spent in six figures each on attorney's fees fighting over $19,500. No explanation was evident from reading the decision why this occurred.

ACTION ITEMS	NONE
MISC INFORMATION	Well Report. Board received and filed a Water Well Report. Director Taylor asked about the reading in Wells 14 and 15 as well as storage capacity.
GENERAL MANAGER COMMENTS	Mr. Prior reported that the freeway undergrounding project is almost completed with the abandonment of the ROW left to complete; he also reported that Well 12 Treatment Plant project had some setbacks. Leaks were discovered when the system was pressurized and the Contractor had to excavate and reseal the leaky joints. No additional cost will be incurred by the district as this was a work quality issue. The General Manager also reminded the Board about the Christmas Luncheon on December 8th; it will take place at the Hilton.

RESOLUTION NO. 11-26-547

A RESOLUTION OF THE BOARD OF DIRECTORS OF SAN GABRIEL COUNTY WATER DISTRICT AMENDING RESOLUTION NO. 02-15-483 AS IT RELATES TO WATER RATES AND CHARGES

BE IT RESOLVED BY THE BOARD OF DIECTORS OF THE SAN GABRIEL COUNTY WATER DISTRICT as follows:

Section 1. **Purpose and Scope**

The Board of Directors (Board) of San Gabriel County Water District (District) has conducted a duly noticed Public Hearing, Under Proposition 218, on February 24, 2025. At such hearing, the Board considered the proposed and projected increases in the District's water rate and charges, received public comments on those proposed and projected increases in water rates and charges, and prior to and at the public hearing, found and determined that no majority protest to those proposed water rates and charges existed. The Board also determined that the rates set forth herein will not create revenues in excess of actual costs of providing the services involved. This Resolution Implements the District's Water Ordinance 83-31. The Board further determined that the rates herein set forth are for the purpose of meeting operational expense, including employee wage rates and fringe benefits, purchasing or leasing supplies, equipment or materials, meeting financial reserve needs and requirements and obtaining funds for capital projects, necessary to maintain service within existing service areas and, therefore the California Environmental Quality Act by virtue of 14 CA Code of Regulations Section 15273 does not apply to the approval of the proposed and projected water rates and charges.
